## No advice

Due to reading this white paper, nobody is obligated to sign a contract or make a legally binding promise to donate. This white paper also does not constitute any form or part of any opinion that could be construed as advice or that could be used to sell or solicit any offer by Trillions to buy our token, nor shall it be construed as a part of any effect that could be used in the formation of a contract or an investment decision.

## Compliance with tax obligations

Users of the Website are solely responsible for deciding what taxes may apply to their transactions. It is not the responsibility of the website's owners or authors to determine which taxes apply to transactions.

## Limitation of liability

The content on this website, including written material, links to third-party sites, data, quotes, charts, and buy/sell signals, is provided "as is." RULE assumes no responsibility for any loss or injury coming from its use. Please educate yourself on the risks and costs of trading assets on the financial markets (digital or otherwise). One of the riskiest investment alternatives is initial coin offerings (ICOs). There's a possibility you'll lose all you've put in.

## Investment Risks

Cryptocurrency trading has a high level of risk and is not appropriate for all investors. Before trading cryptocurrencies, tokens, or any other digital asset, you should carefully consider your investment goals, degree of knowledge, and risk appetite.

## XRPL-network

The XRP Ledger is a decentralised public blockchain that is open to the public. Anyone can interact through their computer to the peer-to-peer network that manages the ledger, and anyone can access the ledger information. The ledger is maintained by the global XRP Ledger community, which includes a diverse group of software engineers, server operators, users, and businesses. Building on the XRP Ledger allows developers to easily integrate payments into their products, putting money at the heart of their applications without reinventing the wheel. Transactions on the XRPL are settled faster than on any other blockchain. Furthermore, the XRP Ledger has the capability of processing up to 1,500 transactions per second.

# GENERAL

## History

StakeXR was founded on May 30, 2022 with the goal of creating a staking platform. The \$StakeXR coin is a cryptocurrency project located on the XRPL network. The founding of StakeXR was done by the previous founders of StakeXR.

On March 4, 2023, a total acquisition took place between XSTO (XLOYALTY SAFETY TRADE ORGANISATION) and StakeXR. After concluding agreement, XSTO placed the project under the concept of XSTO Business Partnership. The cooperation and agreement took place at the B2B level. What this means, check out [www.xloyalty.com](http://www.xloyalty.com).

## Mission

StakeXR is building a staking platform on the XRPL. The ability to staking \$StakeXR, NFTs and XRP. The future \$StakeXR coin will be a payment method that can be used for private and business use. Generating credit card to quickly exchange between \$StakeXR coin and any other payment currency.

## Vision

The word "user-friendly" is at the heart of our vision. Converting currency for individual and business purpose are progressive for StakeXR. Rewarding coin and NFT holders are important to generate a strike platform on the XRPL network.

# STAKING PLATFORM

## Staking platform

Generating a passive income for \$StakeXR holders. Each week, \$StakeXR coin investors and holders will be rewarded by the StakeXR team.

### Token:

- Hold and don't sell \$StakeXR coin
- Weekly snapshot and drop to coin holders (view the current program on the website in advance)
